

E-learning / Distance Learning

** Distance Learning Resumes **

As a school, we hope that you have succeeded in having time to relax during the Easter holidays and that you all are keeping safe and well.

As you are aware from my previous letter, we are recommencing our distance learning activities as from today. Naturally, after having time to relax, pupils will need guidance and support as they undertake their studies. Therefore, it is important that they are organised and realistic in their approach.

For the next 3 days, we ask them kindly to concentrate on the core subjects.

They should try to aim for the following, daily:

- | | |
|----------------------------------|---|
| ✓ 3 sessions x 40 minutes | ensuring a balance between the study of Mathematics, Science, Welsh and English. |
| ✓ Read for 20 minutes | <i>of English and Welsh alternatively.</i> |

All resources are on Moodle and HAP and they are updated regularly.

At the end of this week, we will be providing specific timetables for pupils to assist them with ensuring a healthy balance between work and relaxation.

Could I kindly remind you, that it is very important that pupils undertake daily exercise and outdoor activities. This is as important as their school work.

We will be providing more information at the end of the week.

I would like to take this opportunity to thank you for your continued support as your child adapts to the challenges of distance learning.
